

Helping you to manage FX and currency risk

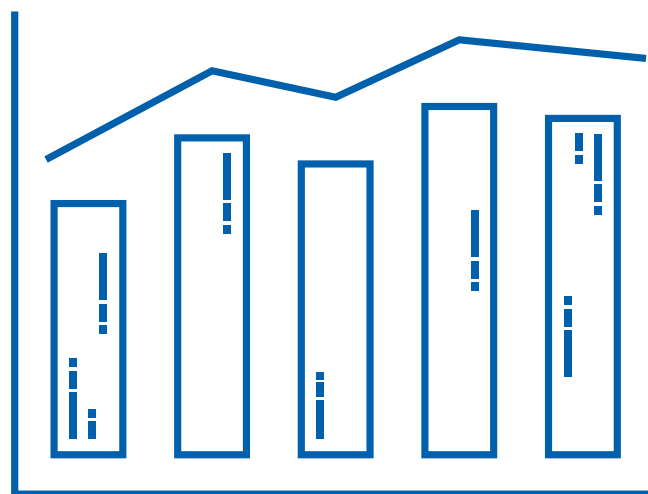

Bank of Ireland UK have a dedicated currency management team in our Belfast office to help support your business. Our team support Northern Ireland's businesses, from SME to corporate customers, with their foreign currency and interest risk management needs.

Our treasury team will help you to understand your currency risk exposures and discuss your risk management options. This can help protect against the adverse impact of market movements.

We offer FX solutions at competitive pricing. From standard currency exchange to more tailored solutions, our team can explain how these might work for your business.

In addition to our range of FX solutions, our online FX platform UK FXPay allows you to book rates and make payments online, which can help save you and your business time and money.

In today's market, it's important that companies have a clear plan in place to protect their finances. Don't just take risk- let us help you understand and plan for it.

So why choose Bank of Ireland UK for your Treasury needs?
