	Current Rate	Current EAR% ³	Previous Rate	Previous EAR% ³
Standard Business Overdraft Rate	5.40%	5.54%	5.55%	5.69%

Bank of Ireland UK Base Rate 0.10% (correct as at 20 March 2020).

Overdraft Interest is calculated on a daily basis on cleared debit balance and charged monthly. If we are going to debit overdraft interest from your account, we will give at least 14 days' notice of how much we are going to debit and when. Overdraft interest rates are variable and are calculated at a margin over Bank of Ireland Base Rate. Overdrafts are repayable on demand.

¹ Gross% is the contractual rate of interest payable. Interest is paid without deduction of tax.

² AER% stands for Annual Equivalent Rate and illustrates what the interest would be if the interest rate was paid and compounded each year.

³ EAR% stands for Equivalent Annual Rate (variable). The EAR is an illustrative interest rate calculated on the assumption that any overdraft interest charged is added to the overdraft balance at the time and then the next interest charge will be based on that slightly higher overdraft balance. This rate assumes that interest is charged monthly and compounded 12 times in a year.
