

# Business Banking Schedule of Charges Great Britain

July 2017

Bank of Ireland  UK

For small steps, for big steps, for life

## Introduction

Bank of Ireland UK offers many free services, but where charges are applied this fact sheet explains them and how it is possible in some circumstances to minimise them.

## How to keep Charges to a minimum

You can minimise any charges in the following ways:

### Electronic Funds Transfer

Automated transactions cost less than manually processed paper ones, so do as much of your banking as possible in this way. BACS (Bankers Automated Clearing System) allows you to make payments, like salaries and wages, and pay invoices automatically.

We offer an on-line desktop banking system called Business On Line. Installation, onsite training and monthly access are all free. Bulk payroll/creditor payments via BACS are charged at 12p per individual transaction, compared with 71p to issue a cheque.

Our BACS charges are set out below.

### Operate your account within the authorised overdraft limit

If you have an overdraft with us you should always operate your account within the authorised overdraft limit. If you know that it is likely to be exceeded, even for just one day, discuss a temporary or permanent increase of your overdraft with your Relationship Manager or our Customer Service team in advance. We will debit your account with any costs and expenses we incur if you exceed your authorised limit.

### Accurate cheque writing

When writing or accepting a cheque, ensure that all details are correct to avoid unpaid cheque charges.

### Keep all statements and documents

By retaining statements and documents you can avoid charges for duplicate copies. They are costly to provide.

### Pre-notification

- ▶ You will be notified in writing at least 14 days in advance of standard charges and debit interest charges to be applied to your current account.
- ▶ Standard charges and debit interest are calculated monthly in arrears. They are calculated up to and including the 4th of the month, or the preceding Business Day, and will be debited to your account on or around the 30th of the month. This applies to all customers receiving pre-notification of charges and debit interest charges to be applied to their current accounts.
- ▶ Business On Line bulk payroll/credit transaction charges are billed quarterly in arrears and are calculated up to and including the last day of the quarter. You will be pre-notified of charges 14 days in advance and they will be debited from your account on or around the 1st day of the following month.

## Standard Current Account Charges

These are charges with the normal conduct of your current account. They are applied for transactions processed during the charging month (the 5th of the month to the 4th of the next) and include a maintenance charge. Please check your charges each month.
