The solicitor will provide you with full details of this charge and the third party costs you will have to pay. These fees, along with the legal fee for any additional legal work that the solicitor carries out for you, are payable by you. If the purchase does not go ahead, you will not have to pay for the standard conveyancing work carried out, but you will have to pay any third party costs already paid by the solicitor. This criteria is not exhaustive, please contact us for more details.

Valuation and Surveys

A mortgage valuation is a report on the condition of the property you're planning to buy or remortgage. There are three valuation types which are listed below - each one offering progressively more information about a property.

If you opt for a more detailed report, such as a HomeBuyer Report or a Building Survey, we'll still need a Standard Mortgage Valuation Report from one of our panel valuers for our purposes. Provided you tell us that you want a more detailed report at the time of your application we may be able to instruct a surveyor to carry out a standard mortgage valuation and your chosen report at the same time. This may be cheaper than having each report carried out separately.

Important information: We'll do our very best to instruct a HomeBuyer Report or contact you with the details for a Building Survey if you've asked for one. This depends on the availability of suitable surveyors which we're unable to guarantee. If we can't instruct a more detailed report, the valuer will only carry out a standard mortgage valuation. We'll let you know if this happens and refund any additional fee you've already paid. This normally takes up to five working days to show on your account.

Standard Mortgage Valuation Report

A Standard Mortgage Valuation Report is not a survey. It's a limited check on the property that the mortgage lender carries out to ensure it's worth the money they're lending. A mortgage valuation is unlikely to cover items which would be picked up in a survey.

HomeBuyer Report

A HomeBuyer Report is a survey completed to a standard format set out by RICS. It's most suitable for conventional properties built within the last 150 years which are in reasonable condition. It doesn't detail every aspect of the property and only focuses on urgent matters needing attention.

Important information: There are instances when the valuer we've instructed will tell us that a HomeBuyer report isn't suitable for the property being mortgaged to us. On these occasions we'll only instruct a standard mortgage valuation. We'll let you know if this happens and refund any additional fee you've already paid. This normally takes up to five working days to show on your account.

Building Survey

A Building Survey is a comprehensive inspection of a property, reported in a style to suit the property and your specific requirements. It's suitable for all properties, especially listed buildings. It examines all accessible parts of the property and you can ask to have specific areas included, so it covers any particular concerns you may have about the building. It's a product which can be tailored to your needs, agreed between you and your surveyor.

In Scotland, it is a legal requirement that the seller provides potential purchasers with a **Single Survey** - this gives buyers information about the condition and value of a home, allowing them to make an informed decision before committing to the purchase. On some occasions, the seller may also commission a Standard Mortgage Valuation Report. If this has happened then we may be able to use that report for the purposes of assessing our security, meaning you won't have to pay for a separate valuation.
