## Residential mortgage rates

### For buyers and new customers switching from another lender

You can choose from a range of fixed or variable residential mortgage rates with different features to suit your needs. Some mortgages come with no product fee, cashback, or we might pay for a Standard Valuation or the standard legal fees.

- All the details on our rates are correct from 19/09/2025. Our rates are the same online as over the phone and can be removed at any time, without notice.
- The rates you'll be able to choose from depend on the type of mortgage you have and your Loan to Value (LTV). Your LTV is the amount you owe on your mortgage as a percentage of how much your property is worth. For example if you owe £75,000 and your property is worth £100,000, your LTV would be 75%.
- You must pay a lending fee of £195 to take out a mortgage with us. You can delay paying this until you pay off the mortgage and close your account.
- All our fixed interest rates move onto our Standard Variable Rate (SVR) when the fixed period ends. **Our SVR is currently 7.19%.** Your mortgage will stay on this rate for the length of your mortgage unless you switch to another deal. You can apply for a new fixed rate six months before your current deal ends.

## Residential mortgage rates

### For buyers and new customers switching from another lender

You can choose from a range of fixed or variable residential mortgage rates with different features to suit your needs. Some mortgages come with no product fee, cashback, or we might pay for a Standard Valuation or the standard legal fees.

- All the details on our rates are correct from 19/09/2025. Our rates are the same online as over the phone and can be removed at any time, without notice.
- The rates you'll be able to choose from depend on the type of mortgage you have and your Loan to Value (LTV). Your LTV is the amount you owe on your mortgage as a percentage of how much your property is worth. For example if you owe £75,000 and your property is worth £100,000, your LTV would be 75%.
- You must pay a lending fee of £195 to take out a mortgage with us. You can delay paying this until you pay off the mortgage and close your account.
- All our fixed interest rates move onto our Standard Variable Rate (SVR) when the fixed period ends. **Our SVR is currently 7.19%.** Your mortgage will stay on this rate for the length of your mortgage unless you switch to another deal. You can apply for a new fixed rate six months before your current deal ends.

## Buy to Let mortgage rates

### For property investors

Our Buy to Let mortgages are for customers looking to get into the property rental market or wanting to switch from another lender. You can choose from a range of fixed or variable residential mortgage rates with different features to suit your needs. Some mortgages come with no product fee, cashback, or we might pay for a Standard Valuation or the standard legal fees.

- All the details on our rates are correct from 19/09/2025. Our rates are the same online as over the phone and can be removed at any time, without notice.
- The rates you'll be able to choose from depend on the type of mortgage you have and your Loan to Value (LTV). Your LTV is the amount you owe on your mortgage as a percentage of how much your property is worth. For example if you owe £75,000 and your property is worth £100,000, your LTV would be 75%.
- You must pay a lending fee of £195 to take out a mortgage with us. You can delay paying this until you pay off the mortgage and close your account.
- All our fixed interest rates move onto our Standard Variable Rate (SVR) when the fixed period ends. **Our SVR is currently 7.19%.** Your mortgage will stay on this rate for the length of your mortgage unless you switch to another deal. You can apply for a new fixed rate six months before your current deal ends.
